

Dunblane Bowling Club

Newsletter 20th June 2020

Why not phone a few friends, And play a few ends.....

With the move into phase two of the easing of lockdown restrictions, non-contact sports are being allowed more opportunities for participation. The main changes introduced from last Friday are:

Bowling Activity Permitted:

- Practice individually
- Games and informal competitions with members of your own household
- Games and informal competitions with two other households where physical distancing can be maintained, and up to a maximum of 8 people on a rink. (Only play with two other households per day)

Players in the **shielding category** can now participate in bowling but should do so with caution.

Informal competitions within the club may resume.

Coaching is permitted if physical distancing can be maintained.

Travel by car to your club within a five-mile limit now allowed.

BowlsScotland have come out very quickly with guidance and you can view their basic guidance paper [here](#). This paper also contains a link to more detailed guidance comparing phase 1 and phase 2 guidance.

So, one more step towards normality as we approach midsummer!

Gerry and Adam have put in a lot of thought and effort in setting up the hygiene station to enable us to safely start playing on the green. Thank you, gentlemen!

Louis, Harry, Kyle and Alex have kindly volunteered (yes, they did volunteer!) to look after the practical arrangements around the green during this time of strict hygiene. And do remember they are also available to help anyone with on-line booking.

Despite the unusual circumstances, Les and Joan participated last Saturday in the traditional opening of the green; two months behind schedule and in the presence of a handful of members. Thanks to those who turned up in support. More pictures are on the website.
